EXPERIENCE

DomaHub Domains — Co-Founder & CEO

JUL 2016 - MAY 2019 | New York, NY

Founded an online platform with my brother to help users sell their domain names. Built the company from nothing and sold it to the industry leader—Efty Domains.

- Taught myself web development and built the entire backend
- Developed an industry-first method of renting domain names and automated SSL deployments
- Created technical documentation for customers
- Oversaw all customer communication and marketing

Citrix Systems — Staff Consultant

APR 2014 - JUL 2016 | New York, NY

Assisted Fortune 500 companies in assessing, designing, or implementing their Citrix VM environments.

- Led presentations to clients detailing the scope of work
- Documented technical deliverables
- Conducted internal forums to teach web development
- Mentored prospective consultants

PROJECTS

Path of Good Intent — Board Game Designer

A board game about being the first to be promoted in a corporation.

- Design everything (gameplay, graphics, packaging, etc.)
- Maintain the development blog and oversee all marketing
